 Pranav Gediya | Pranav Gediya | Portfolio

OBJECTIVE

To leverage my academic foundation in cloud computing and DevOps, along with hands-on experience across multiple cloud platforms, to contribute to building scalable, secure, and automated infrastructures, while continuously learning and innovating in a collaborative multicloud environment.

INTERNSHIP

- **Cisco AICTE Internship** *June 2023 – July 2023*
  Intern
  - Designed a campus network topology in Cisco Packet Tracer.
  - Performed a security vulnerability scan on the designed firewalls.
  - Conducted attack surface mapping using the Sn1per Linux tool.
  - Implemented secure access control by configuring routers and switches.

EDUCATION

- **Marwadi University** *2021-2025*
  Bachelor of Technology in Information Technology
  - GPA: 8.22/10.00

- **The Imperial Science School** *2019-2021*
  Higher Secondary
  - Percentage: 66.66%

- **P.V. Doshi Secondary School** *2017-2018*
  Matriculation
  - Percentage: 64.60%

PROJECTS

- **Multi-Cloud Automated Development and Deployment** *Sep - 2025*
  Tools: AWS , GCP
  - Designed a CI/CD pipeline using AWS CodePipeline, CodeBuild, and CodeDeploy with automated EC2 deployment.
  - Integrated GCP Firestore and APIs for seamless data handling, showcasing real-world multi-cloud architecture.
  - Hands-on with cloud architecture, CICD, automation, and scalability.

- **Geo-spatial Travel Companion** *July 2024 - Dec 2024*
  Tools: ReactJS, Firebase, ExpressJS, NodeJS , API
  - Designed a platform for personalized trip planning based on user inputs.
  - Created an intuitive UI for seamless data input and interaction.
  - Integrated Google map API to fetch photos, names, and locations of destinations.
  - Integrated Gemini API for Trip Planning.
  - Visualized recommended destinations, routes, and directions for efficient trip planning.

SKILLS

- **Programming Languages:** C, ShellScript, Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Database Systems:** MySQL ,Firebase
- **Cloud Computing:** AWS, GCP ,OCI
- **IaC tools:** Terraform ,CloudFormation

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** 2025
- **Oracle Certified Foundation Associate** 2022
- **NDG Linux essential** (Cisco Academy) 2022
- **Database Programming with SQL** (Oracle) 2022
